Mayor Pro Tem Cushing read the title of the Resolution into the record.

Mayor Pro Tem Cushing opened the public hearing at 6:17 p.m. and City Clerk Natalie Hoel verified the required postings and publications (February 17, 2022 in the Brighton Standard Blade) for this public hearing were completed.

City Manager Michael Martinez introduced Budget and Performance Manager Kayla Barber-Perrotta.

Budget and Performance Manager Kayla Barber-Perrotta explained that Council is required to approve all budget and spending. The two items driving this budget amendment are Council's direction to adjust what the City is paying for its water from the municipal rate to a commercial rate and the accelerated MSC design project. Some of the supplies for the MSC project can be ordered at this time since the City is facing supply chain delays.

The municipal water rate change will impact the budget by approximately \$920,953. Most of this comes from the General Fund to water parks and the Wastewater Fund. The second item is the Municipal Service Center. The purchase of the materials will have an approximate \$4,256,209 impact on the budget from the Capital Fund, Parks Capital Fund, Water Fund and Wastewater Fund. Staff is asking for approval of the first amendment to the 2022 budget which allocates an additional 5.2 million dollars. This brings the total City budget for 2022 to \$160.3 million.

Mayor Pro Tem Cushing asked if anyone in the audience had questions for the applicant, there was none.

Mayor Pro Tem Cushing asked if anyone in the audience wished to speak on behalf of the request, there was none.

Mayor Pro Tem Cushing asked if anyone in the audience wished to speak against the request, there was none.

Mayor Pro Tem Cushing asked if any correspondence had been received, there was none.

Mayor Pro Tem Cushing asked if there were questions from City Council.

Councilmember Padilla thanked staff for accelerating the MSC project and asked if this is to move funds into the 2022 budget since the project has been accelerated and not that the cost of the project is changing. Manager Barber-Perrotta stated that is correct, but the cost of the project has increased to 25 million dollars. Councilmember Padilla stated that one of the funding and bond requirements is to make sure that the City is paying the correct rate for water.

Councilmember Blackhurst is excited for these two items and moving up the construction of the MSC will make employees more efficient and appreciates staff getting this done. This is the first Council and Staff that have come up with a way for the City to pay a comparable rate for its water. Councilmember Blackhurst asked if any cuts had to be made in other line items to come up with the funding for this. Manager Barber-Perrotta explained that the offset is the replacement of turf and the MSC is pulling from existing fund balance.

Mayor Pro Tem Cushing feels it is an honest way for the City to budget and pay for its own water at a comparable rate.

Mayor Pro Tem Cushing closed the public hearing at 6:25 p.m.

Motion by Councilmember Blackhurst, seconded by Councilmember Padilla, to approve Resolution 2022-22. Motion passed by the following vote:

Aye: 8 - Mayor Pro Tem Cushing, Councilmember Blackhurst, Councilmember Johnston, Councilmember Padilla, Councilmember Pawlowski, Councilmember Pollack, Councilmember Taddeo, and Councilmember Watts

Absent: 1 - Mayor Mills

7. ORDINANCES FOR INITIAL CONSIDERATION

A. AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BRIGHTON, COLORADO, ACTING BY AND THROUGH ITS WATER ACTIVITY ENTERPRISE, AMENDING TITLE 13 OF THE BRIGHTON MUNICIPAL CODE PERTAINING TO WATER AND WASTEWATER FEES AND CHARGES ASSESSED BY THE CITY OF BRIGHTON; SETTING FORTH EFFECTIVE DATES FOR SAID RATES, FEES AND CHARGES; AND OTHER DETAILS RELATED THERETO

Mayor Pro Tem Cushing read the title of the Ordinance into the record.

City Manager Martinez introduced Finance Director Catrina Asher and Revenue Manager Ana Le Scoezec.

Finance Director Catrina Asher explained that the purpose of this is to ensure that the rates the City is charging internally and externally are set at levels that support the cost of providing the services that the City is using. The current rate structure includes a municipal water rate that is separate from other rates in the structure. This began in 2017, prior to that the City was not charging itself for water usage. The municipal wastewater rate has been established for at least ten years and is equal to the residential rate. The municipal utility is an Enterprise and is funded by fees and not taxes to fund operating and maintenance costs. The development fees fund growth and expansion. Staff is proposing to remove the Municipal Water Rate as a stand-alone item and charge the City equal to a commercial user. The fiscal impact is approximately \$900,000 in revenue to the Water Fund and \$900,000 of expense to the other funds including the General Fund in 2022. For Wastewater, the recommendation is to remove the Municipal Rate and charge internal usage at a commercial rate. The fiscal impact is \$10,000 in 2022

Director Asher answered questions from Council regarding:

- Apartment units being commercial or residential.
- Apartments being charged once or the individual apartments being charged.

Motion by Councilmember Padilla, seconded by Councilmember Taddeo, to approve the Ordinance. Motion passed by the following vote:

Aye: 8 - Mayor Pro Tem Cushing, Councilmember Blackhurst, Councilmember Johnston, Councilmember Padilla, Councilmember Pawlowski, Councilmember Pollack, Councilmember Taddeo, and Councilmember Watts
