Arboriculture License - Issued to companies that engage in trimming, spraying, and removal of trees of any size and with use of rope and saddle, aerial lift trucks, or ladders. Proof of a valid Colorado Pesticide Applicator's license from the Department of Agriculture with appropriate categories is required.

Large Tree License - Required if the tree company is going to be using rope and saddle, aerial lift trucks or ladders for trees of any size. It does not include spraying.

Ornamental License - Issued to companies engaged in tree work on small to medium-sized trees that can be performed safely from the ground. It does not include spraying.

Spray License - Issued to a company engaged in spraying operations only. This does not require testing but proof of a valid Colorado Pesticide Applicator's license with appropriate categories is necessary.
