Residential Cross Connection Plumbing Survey

Brighton Utilities Department

The safety of Brighton’s water is very important. Residential utility customers are recommended to inspect the plumbing system for potential cross connections to ensure these connections are properly protected against backflow.

Please review the brochure regarding plumbing cross connections and complete the simple survey below to assess your risk. Thank you for your interest and assistance in protecting Brighton’s drinking water.

Cross Connection Survey	Yes	No
1. Is there a private well or other source of water supply at this address including wells for geothermal heating/cooling source?	<input type="checkbox"/>	<input type="checkbox"/>
