Telephone Utility Company Occupation Tax

Sec. 3-36-10: "There is levied on and against each telephone utility company operating within the City a tax on the occupation and business of maintaining a telephone exchange and lines connected therewith in the City." The annual amount of tax levied is four dollars (\$4.00) for each telephone account for which local telephone service is provided by a tax-paying telephone utility company within the corporate limits of the City."

Sec. 3-26-30: "On or before February 1 of each year... each telephone utility company subject to this Article shall file with the Director of Finance... a statement showing the total telephone accounts for which local exchange telephone service was provided within the corporate limits of the City on January 1 of the current year. Such statement shall be accompanied by the first monthly installment payment of the tax for the current year...."
