SIGNIFICANT EVENTS

Case Report 23-5736

On Oct. 7 just after 2 p.m., an officer was flagged down by firefighters at BFRD Station 51 who stated a 52-year-old male told them someone pointed a gun at him. The male reported that he was driving at South Main Street and West Egbert Street, and two males in a black Chevrolet truck were driving near him and not paying attention. He then pointed at them, and they turned to start following him. The reporting party pulled over in the 400 block of South Main Street, where the two males reportedly got out of the vehicle, grabbed a handgun from the seat and pointed it at him. The suspects quickly fled, and their license plate came back with no record.

THIS WEEK'S CRIME PREVENTION TIP

Take a look at the placement of physical features such as windows, lighting and landscaping on your property. These features affect how much can be seen by occupants and passersby. Potential criminals are unlikely to attempt a crime if they are at risk of being observed. Similarly, we are likely to feel safer when we can see and be seen. This is one way to accomplish crime prevention through environment design.
