THIS WEEK'S CRIME PREVENTION TIP

Don't give your personal or financial information in response to a request that you didn't expect. Honest organizations won't call, email, or text to ask for your personal information, like your Social Security, bank account, or credit card numbers. If you get an email or text message from a company you do business with and you think it's real, it's still best not to click on any links. Instead, contact them using a website you know is trustworthy. Or look up their phone number. Don't call a number they gave you or the number from your caller ID. If you were scammed or think you saw a scam, tell the FTC at ReportFraud.ftc.gov and contact your local police department.
