Case Report 24-4208

On July 28 just before 11 a.m. officers received notification from a license plate reader of a stolen vehicle nearby. Officers successfully located the vehicle and verified the make and model. Once additional resources were in the area, officers attempted to box the vehicle in. The vehicle stopped for officers and it was discovered that the VIN did not match that of the stolen vehicle entry. However, the year, make, model and color did. The driver did not realize her license plates had been swapped. BPD wants to remind community members to regularly check that their license plates are correct and properly secured.
